Educational tourism

The primary objective of educational tourism is to provide students with an opportunity to expand their knowledge and understanding of the world around them.

Supervision and Guidance: Educational tourism is organized in collaboration between schools, institutes, travel agencies, and educational tour organizers. Local guides or educational facilitators provide supervision and guidance to ensure the safety and organization of participants and enhance the educational benefits.

Programs and Activities: Educational tourism offers diverse and multiple programs and activities, including field trips, workshops, and educational tours through partner institutes.

Targeted Groups: Educational tourism can target various groups of participants, including students from schools and universities, academic and scientific groups, and professionals.
